NOTE: All dates are subject to change

ABPN Physician Folios

The ABPN Physician Folios offers a single source for information pertinent to a physician at all the various stages of a relationship with the ABPN - from resident through seasoned diplomate engaged in MOC. Likewise, ABPN Physician Folios provides a dynamic conduit for important data exchange such as making updates to personal contact information, updating medical license information, and applying and paying for an examination.

Please visit the ABPN website at www.abpn.com, click the ABPN Physician Folios button and follow the instructions to activate your account.

Over time, more functions will be added into the ABPN Physician Folios such as an area for residents to view their status toward completion of credentialing activities for initial certification, and an area for diplomates to record their maintenance of certification activities.

What's in the site?

The ABPN Physician Folios site gives you access to two main functions: Views and Actions. Views are simply displays of information. The actionable items that can be performed are typically stated as such and appear in an underlined dark red font like these examples: [Apply for an Examination](#) or [Update License Information](#).

Be sure to look for little "Info" symbols like this  throughout the web site. Move your cursor over these symbols and pop up boxes or bubbles display important information regarding "views" or "actions" for that page.

Please Note: Due to specific credentialing requirements, not all applications can be made available through ABPN Physician Folios. Some applications, based on the examination schedule, will be posted as pdf files on www.abpn.com

How do I activate an account?

In order to log in to the secure portal, you must have an established relationship with the ABPN through one of the following methods:

- You have previously applied for an ABPN examination.
 - You have previously taken an ABPN examination.
- 1) Go to <http://www.abpn.com/folios>. You may wish to bookmark ("ctrl D") the login page for future quick reference.
 - 2) Click the "Activate Account" button.
 - 3) A secondary authentication page will be launched asking for your current email address, first name, last name, birth date, and the last four digits of your social security number. (If the system is not able to authenticate you using these pieces of information, you will be prompted to submit other documentation via fax).
 - 4) Upon authentication and activation, a unique case-sensitive password will be emailed to you.
 - 5) Return to <http://www.abpn.com/folios>, enter your email address and your password, click login.
