WHO WE ARE

Mission is to ensure equal access to education and to promote educational excellence throughout the nation.

United States Department of Education

Liaison Committee on Medical Education

Nationally recognized accrediting authority for medical education programs leading to the M.D. degree in U.S. and Canadian medical schools.

American Board of Medical Specialties

The American Board of Psychiatry and Neurology, Inc., is a nonprofit corporation, whose mission is to serve the public interest and professions of psychiatry and neurology by promoting excellence in practice through certification and maintenance of certification processes.

Federation of State Medical Boards

The reporting organization to which 70 medical boards of the United States and its territories, including 14 state boards of osteopathic medicine voluntarily report on physician licensure issues.

U.S. Medical Schools

National Committee on Foreign Medical Education and Accreditation

Assesses the readiness of international medical graduates to enter residency or fellowship programs in the United States.

Educational Commission for Foreign Medical Graduates

ACGME reviews and grants accreditation to post-MD medical training programs in the United States.

Residency Review Committees Neurology, and Psychiatry

Volunteer physicians who are appointed by the AMA and appropriate medical specialty boards and organizations to review the residency training programs for quality of education.

Residency Training Programs and Residents

Physicians Candidates Diplomates

Licensure
