

Software Development Engineer

The American Board of Psychiatry and Neurology, Inc. (ABPN) is a nonprofit corporation, which serves the public interest and the professions of psychiatry and neurology by promoting excellence in practice through certification and maintenance of certification processes. The ABPN (www.abpn.com) is located in Deerfield, Illinois and is looking for experienced candidates for our full time Software Development Engineer position.

The role of Software Engineer is focused on the development and support of business applications and databases, including custom-developed enterprise applications as well as off-the-shelf solutions. Application frameworks are built on the Microsoft stack including SQL Server databases, along with MySQL-backed web applications. The ABPN is a “small shop” environment where the IT staff contributes in areas beyond their core functions, including advanced troubleshooting and user support.

Development of New Applications

- Develop internal and external solutions across the entire Microsoft technology stack
- Document and collaborate throughout the development process
- Build and extend the Board’s external web applications

Software Support for Administrative Software

- Troubleshoot software and data problems
- Propose and develop solutions to existing systems
- Assist in desktop, network and other office support

Experience and Education

The ideal candidate will have three to five years of recent experience in software development within a Microsoft environment and a Bachelor’s degree in Computer Science, IT or other technical field is preferred.

Computer and Administrative Skills

The candidate must have:

- Knowledge of Microsoft programming environments including C#, .NET, ASP, VB, ASP.NET.
- Strong SQL Server background including RDBMS, Management Studio, Visual Studio, SSRS and SSIS as well as MySQL
- Good understanding of Windows servers and desktops, MS Access, networking and security
- Demonstrated ability to solve business problems through technology applications

- Strong written and oral communications skills
- Ability to interact effectively with highly educated, professional clientele
- Ability to prioritize, organize, and manage multiple projects
- Ability to gather clear and actionable requirements and adhere to scope throughout the project lifecycle
- Ability to work well under deadline pressure
- Attention to detail
- Strong service orientation
- Tact and discretion
- Cooperative attitude; team player
- Ability to handle and maintain highly confidential information
- Available for work related travel

For consideration, candidates should submit via email a cover letter with **salary requirements** and a resume to humanresource@abpn.com. Please, no phone calls.

The ABPN offers an exceptional benefits package and a competitive salary including:

- Medical and dental coverage with low employee premium cost and no cost vision plan
- 401 (k) Plan with generous matching contribution as well as a company funded Pension Plan
- Group Life and AD&D Insurance
- Short and Long Term Disability Insurance as well as Long Term Care Insurance
- Salary commensurate with experience
- Flexible work schedule in a business casual environment
- Generous personal time off policy with eleven paid holidays

To All Agencies:

Please, no phone calls or emails to any employee of the ABPN. The ABPN's policy is to not accept resumes from agencies. Any resume submitted by an agency will be deemed the sole property of the ABPN.
