ABPN Grant Allows Diplomates Complimentary Access to AAN 2019 Meeting Programming

April 2020

Dear ABPN Neurology and Child Neurology Diplomates:

The ABPN and the American Academy of Neurology (AAN) have collaborated to provide ABPN diplomates complimentary access to American Academy of Neurology (AAN) 2019 meeting programming. Through an educational grant from the ABPN to the AAN, ABPN diplomates now have FREE access to both the AAN Annual Meeting on Demand 2019 program and the NeuroSAE 2019 Annual Meeting Edition.

The ABPN grant provides neurologists with access to continuing medical education as well as to training programs that are moving to an online platform.

Current AAN members received a separate email from AAN with additional details on March 31, 2020. AAN members should log in to the [Online Learning Center](#) with their AAN ID or associated email address to access education programs.

ABPN diplomates who **are not** members of the Academy will receive an email from the ABPN later today April 2, 2020 with log in instructions on how to gain access to this programming.

The ABPN thanks the AAN for their collaboration on this important project and is committed to working with AAN to support Neurology diplomates during this difficult time.

If you have questions, please contact questions@abpn.com.

Sincerely,

A handwritten signature in black ink that reads 'Larry R. Faulkner'.

Larry R. Faulkner, MD
