Initial Certification Exam in Neurocritical Care

| | |
|----------------------|-------------------|
| Dates Choices | October 4-8, 2021 |
| Application Deadline | April 6, 2021 |
| Late Deadline | April 27, 2021 |

2021 Fee Schedule*

| | |
|--|---------------|
| Application fee** | \$700 |
| Examination fee | \$1200 |
| Total Fee | \$1900 |
| Miscellaneous Fees | |
| Late application fee (in addition to the above) | \$500 |
| Reexamination fee*** | \$1200 |
| International testing fee | \$100 |
| Application/licensure appeal fee**** | \$350 |
| Examination appeal fee**** | \$300 |
| Irregular behavior appeal fee**** | \$350 |
| Application for testing accommodations appeal fee**** | \$350 |
| Duplicate certificate fee | \$150 |
| Returned check charge | \$50 |
| *All fees must be submitted in U.S. currency | |
| **Fee is non-refundable | |
| ***Reexamination fees are in addition to any appeal fees | |
| ****Appeal fees are refundable if the decision is in the appellant's favor | |
| Please note: The ABPN reserves the right to revise fee schedule at any time. Throughout this publication, the American Board of Psychiatry and Neurology, Inc. may be referred to as "the Board" or as "ABPN". ATTENTION VETERANS: Some or all of your exam fees may be reimbursed through the Department of Veterans Affairs. Please contact the DVA for further information. | |

Important Dates for Initial Certification Exam in Neurocritical Care

| | |
|---|-------------------|
| Exam Date Choices | October 4-8, 2021 |
| Applications Available | December 3, 2020 |
| Deadline for required certification in neurology or neurology with special qualification in child neurology | December 31, 2020 |
| Applicant completing training after July 31, 2021 should contact the Board regarding eligibility | January 15, 2021 |
| Application Deadline | April 6, 2021 |
| Deadline for Requesting an Application for ADA Accommodations | April 6, 2021 |
| Deadline for Requesting an Application for Nursing Mother Accommodations | April 6, 2021 |
| Late Application Deadline | April 27, 2021 |
| Graduation verification due to the Board for residents graduating June 30, 2021 | July 15, 2021 |
| Applicant should contact the Board if they have not received notification regarding their application | July 26, 2021 |
| Scheduling Instructions Emailed | July 27, 2021 |
| Pearson VUE Registration Opens | August 3, 2021 |
| Graduation verification due to the Board for residents graduating July 31, 2021 | August 15, 2021 |

I. Training Information for the Initial Certification Exam in Neurocritical Care

A. General Requirements

Applicants for certification in neurocritical care must be certified in neurology or neurology with special qualification in child neurology by ABPN or by one of the other co-sponsoring Boards: ABA, ABEM, ABIM or ABNS by December 31 of the year prior to the examination. All training requirements must be met by July 31 of the year of the examination. All candidates must fulfill their primary board's Policy on Medical Licensure.

All neurocritical care training must be completed in programs accredited by the ACGME. Training programs approved by the Residency Review Committees and accredited by the ACGME can be found on the ACGME website, ACGME.org.

The exposure to neurocritical care given to neurology or child neurology residents as part of their basic neurology curriculum does not count toward the one year of training.

After the six-year practice pathway period (2021-2026), all candidates applying for examination in neurocritical care must meet the general requirements listed earlier in addition to the following training requirements:

Neurology or neurology with special qualification in child neurology, anesthesiology, and emergency medicine candidates applying for examination in neurocritical care must have either completed one year of general ACGME-accredited anesthesiology, medical or surgical critical care fellowship AND one year of an ACGME-accredited neurocritical care fellowship OR have completed two years of an ACGME-accredited neurocritical care fellowship.

Neurological surgery candidates applying for examination in neurocritical care must have either completed one year of an ACGME-accredited neurocritical care fellowship during elective time within residency training after PGY 3 (divided into no more than 3 four-month blocks) OR have completed one year of an ACGME-accredited neurocritical care fellowship after completion of a neurological surgery residency.

Internal medicine candidates applying for examination in neurocritical care must have been certified in Critical Care Medicine by the ABIM AND must have completed one year of an ACGME-accredited NCC fellowship

The ABPN requires that all programs allow a minimum of four weeks of leave time (including vacation, sick time, maternity/paternity leave, etc.) during training per year. These four weeks should be averaged over the four-year training period. Leave or vacation time may NOT be used to reduce the total amount of required residency training or to make up deficiencies in training. Programs must allow a minimum of 6 weeks of time away from training for purposes of parental, caregiver, and medical leave at least once during training, without exhausting all other allowed time away from training and without extending training. Within ABPN and ACGME policy guidelines, it is up to the program director and the program clinical competency committee to determine whether a given resident has met training requirements or must extend their period of training.

B. Specific Requirements During the Practice Pathway

During a practice pathway period of six years (2021-2026 examination administrations), eligible neurologists or child neurologists must have completed **one** of the following:

1. Certified in NCC by the United Council for Neurologic Subspecialties (UCNS)
2. Certified in NCC by the Committee on Advancing Subspecialty Training (CAST)
3. Have completed a "fellowship" in NCC (UCNS, CAST, or other non-ACGME accredited fellowship)
4. Have documented one of the following clinical practice times below:
 - a. An average of at least 17% of their post-training clinical practice time spent in the practice of NCC (at least 7 hours per week) for the past 6 years, * or

- b. An average of at least 25% of their post-training clinical practice time spent in the practice of NCC (at least 10 hours per week) for the past 4 years, * or
- c. An average of at least 33% of their post-training clinical practice time spent in the practice of NCC (at least 13 hours per week) for the past 3 years, * or
- d. An average of at least 50% of their post-training clinical practice time spent in the practice of NCC (at least 20 hours per week) for the past 2 years, * or
- e. An average of at least 25% of their total post-training professional time spent in the practice of NCC (at least 10 hours per week) for the past 4 years. **

* This calculation is based on an average work week of 40 hours. Physicians whose total practice exceeds 40 hours per week may still use the 40 hours number as the denominator of their % calculation.

** This approach specifically applies to academic program directors, administrators, or researchers, and provides them a pathway to qualification.

II. Requirements for Admission to the Neurocritical Care Certification Exam

A. General Requirements for All Applicants

To qualify to sit for examination, an applicant must:

1. Be a graduate of an accredited medical school in the United States or Canada or of an international medical school listed by the World Health Organization.
2. Have an active, full, unrestricted medical license as defined in the **separate Board Policies Manual** on the ABPN website. Applicants are required to update their active, full, unrestricted medical licenses in their ABPN Physician Folios account.
3. Be certified by the Board in neurology or special qualification in child neurology by December 31 of the year prior to the examination administration.
4. Have satisfactorily completed the Board's specific training requirements in neurocritical care, as described in Section I.
5. Submit a completed official online application including all required attachments and the appropriate application and examination fees by the specified deadlines. ABPN Diplomates are required to apply online through their ABPN Physician Folios account at www.abpn.com/folios. Diplomates of the ABA, ABEM, ABIM and the ABNS are required to apply for certification through their respective Board.

All training must be confirmed by submitting documentation noting the completion of training requirements.

If you are unable to activate your account, you may need to submit a request to apply for the examination. This process may take up to three business days. Therefore, we encourage applicants to allow enough time to submit the request prior to the deadline for applications.

The deadline for submission of a completed application is April 6, 2021

B. Initial Certification in Neurocritical Care

In June 2018, the American Board of Psychiatry and Neurology, Inc. (ABPN) formally received approval from the American Board of Medical Specialties (ABMS) to offer a certificate in the subspecialty of neurocritical care.

The medical specialty of neurocritical care is devoted to the comprehensive multisystem care of the critically ill patient with neurological diseases and conditions.

The subspecialty certificate will be administered by the ABPN but also offered to eligible diplomates of the American Board of Anesthesiology, the American Board of Emergency Medicine, the American Board of Internal Medicine, and the American Board of Neurological Surgery.

The actual mechanics of certification of qualified candidates have been delegated by the Board to the Committee, which operates under the supervision of and in accordance with the policies of the Board.

Candidates have two consecutive opportunities to pass the examination on each application. Currently, there is no limit on the number of times an applicant may apply to take the initial certification in the subspecialty of neurocritical care examination.

III. Neurocritical Care Certification Exam: Application Process, Procedures, Format and Content

A. Application Process Information

Information in this section is important for all candidates. Please read carefully.

ABPN Diplomates may apply to the ABPN for admission to the certifying process. Diplomates of the ABA, ABEM, ABIM and the ABNS are required to apply for certification through their respective Board. Note that application deadlines may differ for these boards.

Applicants are required to apply online through ABPN Physician Folios at www.abpn.com/folios. If you are unable to activate your account, you may need to submit a request to apply for the examination. This process may take up to three business days. Therefore, we encourage applicants to allow enough time to submit the request prior to the deadline for applications.

The Information for Applicants publication and the associated Application for Initial Certification are revised each year. The Information for Applicants document may be downloaded from the ABPN website.

The applicant will receive an email confirming that the application was received.

Applications are reviewed in the order of receipt. Applicants who do not receive any notification from the Board regarding their applications by July 26, 2021 should contact the Board office to inquire about the status of their application. Applicants are required to keep their email, mailing address, and license information up to date in ABPN Physician Folios.

Applicants denied admission to the examination are notified of their deficiencies in meeting the requirements of the Board.

Applications remain active for two consecutive examinations only. Candidates who fail to present themselves for the first scheduled examination following the date of acceptance of their applications are required to reapply by submitting a new online application, current application fee, and the examination fee.

Application fees are not refunded for any reason.

B. Applicants with Disabilities

The Board recognizes that physicians with disabilities may wish to take the examinations and will attempt to make accommodations for applicants with verified disabilities. The Board supports the intent of the Americans with Disabilities Act (ADA) and amendments thereto. The Board will provide reasonable accommodations during testing to provide equal opportunity for persons with disabilities. Applicants are reminded that modifications, accommodations, auxiliary aids and/or services can only be offered if they do not “fundamentally alter the measurement of the skills or knowledge the examination is intended to test” (28 C.F.R. §36.309(b)(3)).

Any applicant who requests accommodations during the application process because of a disability must advise the Board electronically or in writing no later than the deadline for submitting applications for examination.

All items must be submitted to the Board no later than 30 days after the application deadline regardless of previous requests and/or granted accommodations:

- An [Application for Testing Accommodations pdf form](#),
- All appropriate checklists,
- All documentation, and
- All other evidence substantiating the disability.

C. Applicants who are Nursing

Any applicant who will be nursing at the time of their examination may request a private space for lactation by advising the Board in writing by emailing [this form](#) to questions@abpn.com. There may be a delay in scheduling an appointment at a Pearson VUE test center if your request is received later than 90 days prior to the first published administration date of the examination.

D. Computer-Administered Examination Procedures

Note: ADA candidates will receive individual scheduling and instructions.

Approximately two months prior to the examination, scheduling information is emailed to candidates whose applications have been approved. Candidates are urged to contact Pearson VUE as soon as scheduling opens to make an appointment for the examination. A delay in contacting Pearson VUE can result in fewer available openings for the examination in a candidate's choice of date and location. ABPN does not guarantee the availability of locations, dates and/or times of Pearson VUE test centers.

ABPN candidates may schedule an exam at a Pearson VUE center outside the United States or Canada for an additional \$100 fee. Candidates choose international testing during the application process. The Board will contact candidates by email regarding the additional payment and with information concerning testing outside the United States or Canada. Those who schedule themselves for international testing without first paying the additional fee may have their testing appointment with Pearson VUE canceled by the Board or may have grades withheld until payment is received. ABPN does not guarantee the availability of locations, dates and/or times of International Pearson VUE test centers.

If the first and last name that the candidate applied under is different than the first and last name that appears on their identification, certified, legal documentation (marriage license, name change determination, etc.) verifying the name change must be submitted to the Board office prior to the date of the examination. Address and/or email address changes must be updated through the ABPN Physician Folios at www.abpn.com/folios.

Candidates are required to present two forms of identification upon arrival at the testing center. One of the forms of identification must be government issued and must display a recent, permanently affixed photograph. Both forms of identification must be signed, and both must be valid (not expired). The first and last names on both identifications must match the name on file with the ABPN. Failure to comply with these requirements may result in the candidate's inability to gain admission to the examination. If a name change has recently occurred, it is recommended to bring a copy of legal documentation to the testing center on the appointment date. Government-issued identification includes military identification, passports, driver's licenses, and state identification cards. Secondary Identification includes a Social Security card, valid credit card, bank automated teller machine card.

Candidates may NOT bring food, drink, cellular phones, pagers, other electronic devices, books, study materials, or other personal belongings, including watches and wallets, into the examination room. A secure locker is available to store personal items. Candidates may not access phones or other devices of any kind while on an unscheduled break. Accessing prohibited items during unscheduled breaks constitutes irregular behavior and may be cause for invalidation of examination result (See separate Board Policies Manual).

Candidates are NOT permitted to leave the testing center's building during a test section. Leaving the building during a test section constitutes irregular behavior and may be cause for invalidation of examination results (See separate Board Policies Manual).

Candidates are photographed and are required to provide an electronic signature at the computer test centers. For security purposes, candidates are required to place each hand on a palm vein device each time they enter or leave the computer test center. This information is stored electronically. Candidates must agree to the Pearson VUE Professional & Regulatory Candidate Rules. Candidates must agree to the *ABPN Nondisclosure Agreement* before taking the examination.

Candidates are observed at all times while taking the examination. This observation includes direct monitoring by testing center staff, as well as video and audio recording of the examination session.

General questions about requirements and logistics of ABPN examinations may be asked of ABPN staff by telephone. Verbal complaints to staff, directors, proctors, or examiners that continue after explanation of ABPN policy that rise to the level of harassment may be considered irregular behavior (See Policies Manual).

Candidates are required to sit for the examination for which they have applied. Candidates who fail to do so are required to reapply by submitting a new application form, copies of all medical licenses, meeting the current credentialing requirements and paying the application fee and the examination fee.

Candidates withdrawing from an examination:

The examination fee is refunded to candidates withdrawing from an examination, provided the President and CEO of the Board is notified in writing no less than 60 days prior to the first date of the examination date range. Failure to notify the Board in writing no less than 60 days prior to the first date of the examination date range results in forfeiture of the examination fees. Application fees are not refunded for any reason.

Candidates unable to sit for an examination on the scheduled date:

Candidates who are unable to sit for the examination on the date that they have scheduled must first contact Pearson VUE no less than 24 hours in advance to reschedule the examination. If Pearson VUE is unable to reschedule the examination date, candidates should then contact the Board office to determine the availability of rescheduling opportunities. Candidates may be rescheduled, provided there is still an opening in the testing date range. These candidates may be required to pay an additional \$200 reseating fee. If there is no other date available in the testing date range, they must sit for the originally scheduled date or forfeit their fees.

Candidates unable to sit for their scheduled examination due to an unforeseen medical or other emergency:

Candidates who are unable to sit for their scheduled examination due to an unforeseen medical or other emergency should submit a personal statement and supporting documentation of the emergency to the Board office, no later than 30 days after the date of the examination. The Board will then evaluate the documentation and determine whether the absence is excusable. In determining whether an absence is excusable, the Board will consider whether the claimed emergency could have been anticipated and/or foreseen prior to the examination. Candidates suffering from pre-existing and/or chronic conditions generally will not be excused for medical or other emergencies relating to such conditions. If the absence is determined excusable, the candidate is rescheduled for the next ABPN computer-administered examination, and the examination fee will be transferred. Such candidates will be responsible for paying a rescheduling fee of \$400 and may be responsible for paying any difference in the examination fee. In the event a candidate is granted two consecutive excused absences, subsequent requests for rescheduling will be denied, only the candidate's examination fee (but not rescheduling fees) will be refunded, and such candidates will be required to re-apply in order to sit for examination.

Candidates who fail the computer-administered examination (except Pain Medicine and MOC Pain Medicine):

Candidates who fail the initial computer-administered examination may pay a reexamination fee and repeat the examination at the next available administration. Candidates being reexamined and who fail or do not sit for the reexamination as scheduled are required to reapply online and pay the current application fee and the examination fee.

E. Neurocritical Care Certification Examination Format and Content

Examinations are administered at Pearson VUE testing centers. Details on examination format and content are available at <https://www.abpn.com/become-certified/taking-a-subspecialty-exam/neurocritical-care/>.

The Board recommends that examinees use the following resources for test preparation: peer-reviewed journals, current monographs and textbooks, review publications, practice guidelines, accredited CME programs, and attendance at professional meetings.

F. Grade Letters and Certificates

1. Grade Letters

The President and CEO of the Board notifies candidates in writing of their results no later than ten to twelve weeks from the last date of the testing date range.

2. Certificates

Successful diplomates receive their certificates approximately three months after grade letters are mailed. It is the diplomate's responsibility to notify the Board office, in writing, if he or she does not receive a certificate within six months. If a diplomate does not submit a written notification that the certificate was not delivered, the diplomate must request a duplicate certificate and pay the appropriate fee. (See Fees at the beginning of this document.)

3. Duplicate Certificates

Photocopies of Board certificates are not available from the ABPN.

Requests for duplicates of ABPN certificates must specify the diplomate's:

- Name
- Address
- Phone number
- Birthdate
- Signature
- Preference of how their name will be printed on the certificate
- Specialty or subspecialty certification for which they are requesting a duplicate certificate

The diplomate must include:

- A copy of each current medical license held, showing the expiration date
- For security purposes, a copy of government-issued photo identification, such as a driver's license or passport
- The appropriate fee (See Fees at the beginning of this publication.)

NOTE: For any name changes on a certificate, the diplomate must submit certified, legal documentation (marriage license, name change determination, etc.) to the Board office.

A form for requesting a duplicate certificate may be obtained from the ABPN website at www.abpn.com. Certificates are printed approximately four times per year. Depending on when a duplicate certificate is requested, it may be four to six months until the diplomate receives the duplicate certificate.

G. Computer-Administered Examination Appeal Procedures

The Board provides applicants appeals procedures for certain negative determinations. Specifically, a candidate may appeal:

- The rejection of credentials for admission to an examination (See procedure 1 below)
- Invalidation of an examination score due to irregular behavior (See procedure 1 below)
- The denial of a request for disability accommodations (See procedure 1 below)
- A failing grade on a computer-administered examination (See procedure 2 below)

1. Appeal Procedure for Rejection of Credentials, Invalidation of Examination Score Due to Irregular Behavior, or Denial of a Request for Disability Accommodations

An applicant may appeal the decision if:

- The applicant submitted a formal application and received a negative determination regarding the application
- The applicant's examination scores are invalidated because of irregular behavior
- The applicant's request for disability accommodations was denied

Such applicants or candidates must submit the following materials to the President and CEO at the Board office:

- Written request for a formal appeal
- Applicable appeal fee (See Fee Schedule)
- Additional written information that supports the appeal

The appeal materials must be sent in a single mailing that is post-marked within 30 days of the date indicated on the letter of negative determination. The materials are sent to the respective Appeals Committee, which reviews the materials, deliberates, and makes a determination. In all events, the Appeals Committee's determination is final and binding on both the Board and the candidate.

If the appeal is granted, the appeal fee will be returned to the candidate.

2. Appeal Procedure for Computer-Administered Examination Compromise in Administration

An examinee who believes there was a compromise in the administration of their examination should report the alleged compromise to the Board office in writing within 72 hours of the alleged incident by sending an email to questions@abpn.com.

Appeals are limited to a review of an alleged compromise in the administration of the examination. Specifically, that the examination was administered in a manner that was atypical or did not meet the Board's guidelines. An appeal does not result in a review of a candidate's performance on an examination.

An appeal will never reverse a negative determination of a computer-administered examination. Rather, a successful appeal will result in the examination being invalidated and the candidate being rescheduled to sit for the examination at the next available administration.

Candidates who wish to appeal the administration of an examination must submit the following materials to the President and CEO at the Board office in a single mailing post marked within 30 days of the administration of the examination:

- Written request for a formal appeal of the exam administration
- Applicable appeal fee (See Fee Schedule)
- Additional written information in support of the appeal

The materials are sent to the respective Appeals Committee, which reviews the materials, deliberates, and decides. In all events, the Appeals Committee's determination is final and binding on both the Board and the candidate.

If the appeal is granted, the appeal fee will be returned, the score for the examination will be invalidated, and the candidate will be rescheduled to sit for the examination at the next available administration.
