

American Board of Psychiatry and Neurology, Inc.

A Member Board of the American Board of Medical Specialties (ABMS)

April 27, 2021 (updated from September 17, 2020 announcement)

Educational Grants Allow Diplomates Access to CME Resources from Select Professional Societies

The ABPN is pleased to announce that all ABPN diplomates, regardless of areas of subspecialty certification or society membership, will now have access to additional self-assessment and CME options from select professional societies at either typical member pricing or at no cost.

Through unrestricted educational grants from the ABPN, the following societies have posted or will post additional information on how diplomates can access these activities in order to earn additional credits. Diplomates can also visit the individual society website directly.

If needed for access to the self-assessment and CME options listed below, diplomates can find their certificate number within the [ABPN verifyCERT® database system](#).

Please continue to check this page periodically for updates and links to additional options.
