Article-Assessment Program Article List

Updated: October 8, 2021

The following articles are being used in the American Board of Psychiatry and Neurology's Article Assessment program for the current year. Please note that these articles are subject to change without notice. Please consult the ABPN Continuing Certification testing site for the most up-to-date information about articles that are currently active.

The articles listed are subject to change. Please note that pay status is also subject to change and is set by the publisher of the journal. ABPN has no control over the cost of journal articles.

If you are having trouble accessing articles listed free to professional society members, please contact the professional society directly for assistance.

When accessing articles from publisher websites, we recommend that you download a copy of a file once and consult that copy when taking exams. Some sites may limit the amount of articles that you can access per month without a subscription; in those cases, downloading or viewing an article repeatedly may cause you to be blocked from accessing any articles until the next month begins.

Some or all of these articles may be protected by copyright. Please refer to the publisher's copyright notice and policies.
