Vascular Neurology	2005	1,969	1,599 (81%)		747/1115 (67%)	852/854 (99%)

- Notes:
1. The "All Certificates" columns reflect the total number of certificates issued, including diplomates known to be deceased and/or those whose certificates are no longer active.
  2. The "Active Certificates" columns reflect the number of *active* (not expired or not revoked) certificates held by diplomates who were certified in their primary specialty in 1987 or later (assuming a 35-year career post initial primary certification) and known not to be deceased.
  3. Joint board examinations administered by the ABPN are noted with a single asterisk (\*). The numbers in this table reflect ABPN diplomates only.
  4. Joint board examinations administered by another ABMS board are noted with a double asterisk (\*\*). The numbers in this table reflect ABPN diplomates only.
  5. \*ABPN issued subspecialty certificates in Hospice and Palliative Medicine (HPM) from 2008-2021. In 2022, HPM certificates issued by ABPN were transitioned to the American Board of Internal Medicine (ABIM) for initial certification and continuing certification.
  6. \*\*\*Lifetime Psychiatry, Neurology, and Child Neurology certificate holders obtained certification between 1987 and September 1994. Lifetime Child and Adolescent Psychiatry (CAP) certificate holders obtained primary certification in 1987 or later and CAP certification before 1995.
  7. \*\*\*\*10 Year Time-Limited Psychiatry, Neurology, and Child Neurology certificate holders obtained primary certification between October 1994 and December 2011. 10 Year Time-Limited Child and Adolescent Psychiatry (CAP) certificate holders obtained primary certification in 1987 or later and CAP certification between 1995 and December 2011. All other 10 Year Time-Limited certificate holders obtained primary certification in 1987 or later and subspecialty certification between date of first exam and December 2011.

7. \*\*\*\*Psychiatry, Neurology, and Child Neurology Continuing Certification (CC) holders obtained certification in 2012 or later. Subspecialty CC holders obtained primary certification in 1987 or later and subspecialty certification in 2012 or later.
8. All subspecialties, except for Child and Adolescent Psychiatry, Hospice and Palliative Medicine, Pain Medicine, and Sleep Medicine must maintain primary certification.
